

Waiting List Application

This application is used to reserve your place in line and to choose a puppy that is young or has not been born yet. Please complete the following information below and mail the application along with the \$100.00 deposit. This is a non-refundable deposit so it will not be returned to you if you change your mind or back out as we may have already turned someone else away that would have wanted your puppy. Please complete the application for each litter/puppy that you are placing a deposit on if more than one puppy is chosen.

After the puppies are born, an additional deposit \$300.00 is required to hold your puppy. The total deposit will be applied toward your purchase price of the puppy. The remaining balance of the purchase price is due when you pick up your puppy. If for some reason your puppy gets ill or a health issue develops and you choose not to purchase the puppy, you will be placed at the top of the next available litter for that particular breed of similar color/gender as best we can. **All deposits are non-refundable.**

After we have received your deposit and application, you will be notified we received it and you can watch on the website to see where you are in line. When we get to your name on the wait list with the available puppies, if the puppies are not what you've specified for...you may pass and wait for the next litter. If the puppy specified on your application is available and you have chosen not to make the selection within 1 week (or arrangements made with us), you will forfeit your position in line and we have the option of making the selection for you. The wait list application & deposits are valid for 2 passes or up to one year from the signature date.
